

Helping Hands Project

Rotherham - Repairs and Maintenance Case Study

Overview

ENGIE are committed to delivering Social Value in communities where we are contractually working in.

With the ongoing commitment to support Care Leavers in Rotherham and with ENGIE positioned as a key signatory Partner of the Care Leavers Covenant, Social Value Manager Claire Preston launched the Helping Hands project aimed at providing resource, expertise and materials to young care leavers in Rotherham.

Kerri White Social Value Officer from ENGIE received a referral from Rotherham Leaving Care Team to support the clearance of a garden for a young person . Kerri arranged for 5 volunteers from the RMBC contract to support the project .

Outcomes

A team of 5 volunteers came together to clear ,cut and trim a overgrown garden . The garden had become unmanageable for a young person to maintain with ENGIE's support a clear outside space has been created leaving a manageable garden area to maintain and enjoy.

- **Supporting Care leavers**
- **Signatory partner of the Care Leavers Covenant**

"Thank you ENGIE for your support you have created a lovely garden area for a young person to get outside and enjoy a open space in these tough times of COVID"
