Living connected and fulfilling lives

## THE NATIONAL HOUSE PROJECT APPLICATION PACK

### Background

The National House Project (NHP) is a Charitable Incorporated Organisation (CIO 1179743) registered with the Charity Commission in 2018 and with the Office of the Scottish Charity Regulator in 2023.

NHP provides the knowledge, resources and support to establish and maintain Local House Projects (LHPs) and believes that joining a LHP should be an option for all young people leaving care.

NHP takes a ground-breaking approach through its commitment to young people leaving care to take ownership and to live connected and fulfilling lives. The work began by asking young people 'what makes a house a home' and was co-designed with young people from the start. With a psychologically informed practice framework the approach is relational through which young people in and leaving care work together with staff to create their first home and build a long-term community of support.

To maximise the ownership of young people and ensure that their collective voice is heard, amplified and acted on we established Care Leavers National Movement (CLNM). It has representation from all LHPs at a regional level with these meetings feeding into the more strategic function of CLNM.

The first Local House Project in Stoke-on-Trent was established in 2015 followed by the implementation of a further five LHPs in 2017. With an ambition to expand nationally, NHP was then set up as an incorporated Charity with the aim of scaling across the UK. We now support 23 local authorities and have a plan to scale by five new projects per year.

The work of the NHP has been independently evaluated by [York University](#), [Cambridge University](#), [Scottish Throughcare and Aftercare Forum](#), [Warwick Business School](#) and Peer Evaluated by young people in CLNM in [2021](#), [2023](#) and [2025](#).

## Introduction

NHP supports LHPs to take a ground-breaking approach through their commitment to young people's ownership to enable young to leave care in a planned and supported way. The House Project approach was co-designed with young people from the start and works on cooperative principles through which adults and young people in and leaving care work together to identify and prepare properties that become their homes and build a long-term community of support.

## Job Purpose and Outline

This role requires an individual with strong communication skills and experience in working with young people to ensure that the Charity continues to operate with the voice of young people at the heart of all decision-making processes.

The successful candidate will:

- ✓ Support and facilitate a regional substructure of The Care Leavers National Movement (CLNM) that feeds into CLNM.
- ✓ Support and co-facilitate CLNM and ensure authentic involvement of young people across all aspects of the charity.
- ✓ Deliver on the CLNM mission to 'engage young people in LHPs through a national movement which will capture and share stories of success, highlight system challenges and test new ways of working that can benefit all young people leaving care'.
- ✓ Provide direct input to care leavers and young people in CLNM regional arrangements and across the LHPs. Ensure that they have the maximum possible ownership of their LHP, maintain their membership and achieve good outcomes.
- ✓ Work with LHP staff to enable them to truly involve young people in making decisions about their LHPs and their own lives.
- ✓ Develop relationships and work with partner organisations to strengthen and grow the work of CLNM, ensuring that young people are involved at all stages.
- ✓ The post holder will have to work tenaciously, flexibly and in an entirely solution focused and empowering way. You will work alongside Practice Leads and other Participation workers to ensure that the voice of young people is heard and acted upon, enabling young people to be present in all we do.
- ✓ The successful candidate will be self-driven, energetic and proactive with a commitment to delivering a high-quality service. You will bring a range of experiences including a proven track record of being able to work directly with young people and empowering them to bring

about change; of working within organisational structures and understanding how these structures work and being able to make strong, positive relationships with individuals and partnerships that can add value to your work with young people.

You will be based at the NHP office in Crewe for a minimum of 2 days per week, but you will be expected to travel to LHPs and attend meetings across the country on a regular basis. As this role involves regular travel, a valid driver's licence and access to a vehicle are essential.

- Ensure a method of working whereby CLNM develops relationships with LHPs so that all young people are engaged in, and contribute to, the development of a wider 'movement'.
- Ensure that there are agreed ways of working with all young people and that all documents are easily understood and readily accessible on the CLNM website.
- Ensure that the CLNM website is up to date, young person centred and is used by CLNM.
- Support a peer evaluation process so that young people can provide support and challenge to the way services are provided by both NHP and their LHPs.

Work with LHPs

## Work with the NHP

- Develop and maintain an in-depth knowledge of NHP work, to present current and prospective partners with an appropriate, articulate and compelling case for support – both in writing and in person.
- Whilst needing to be self-motivated, you will also need to work with NHP, contribute to the development of the charity, attend supervision / annual appraisals.
- As the number of LHPs increase, continue to redefine and develop regional arrangements to ensure CLNM meets the needs of young people and NHP.
